ABOUT ME

Graduate of a 2-year technical degree (DUT) in Multimedia and Internet Professions (MMI) from the University of Toulon, specializing in Web Development and Interactive Devices.

I am currently in the second year of a Master's degree in Computer Science and Multimedia Engineering at the Conservatoire National des Arts et Métiers (CNAM). This three-year program is structured as a work-study apprenticeship.
My current role is an apprentice Software and Application Developer with the French Navy, within the Naval Action Force Innovation Lab (FANLab).
